

Volunteer Opportunity: Bradford Class Representative

Help create a sense of community within your class and the school!

- Interested in engaging with other families in your child's class?
- Hoping to support your child's teacher this school year?
- Willing to play a connector role between families and the Principal's office and PTA?
- Open to fostering a sense of community?

If so, please consider volunteering as a class representative (aka class parent) this school year!

We are looking for 2-4 volunteers per class to play an important link between the school, the teacher, the class families, and the PTA.

As a volunteer, you will:

- Directly communicate with and engage the families in your class to ensure they are aware of school news, events, and opportunities to get involved
- Organize families in your class to connect directly with each other (e.g. text groups, play dates, parent night out, volunteering at school events, etc)
- Support your teacher with coordinating specific requests (either physical items or finding volunteers)
- Provide input to the Principal's office and PTA on the best ways for the school to meet the needs of families and to offer community-centered opportunities for engagement

If you want to volunteer, or want to learn more about this role, please reach out to Eliza Burgess, elizaburgess23@gmail.com, the PTA Class Representative Coordinator.
